MATH 3161 Homework Assignment 9

**Instructions:** Solve and turn in all of the assigned problems, showing ALL steps or reasoning used in your solutions.

This assignment is not meant to be turned in; it’s just practice on Sections 4.4, 4.6, and 6.2 for the exam since you have not yet had assignments from those sections.

p. 119-120: 1(a,b,c), 4, 6(a,b), 9

p. 160-164: 3(a,b,c), 7, 8(a,b,c) (HINT: (a) is false and (b,c) are true.)
